

LLMs I: Building LLM-based CUI

EN. 601.792.01

Ziang Xiao

Department of Computer Science

Spring 2024

Tips for brainstorm

- Diverge-Converge
- Defer judgement
- Equal say

When groupthink happens, an influential group member's opinion (in the comic above, the yellow lightbulb, A) may directly or indirectly squelch dissenting opinions (the green lightbulb, B) of others. (Source: <https://www.nngroup.com/articles/diverge-converge/>)

Language Models

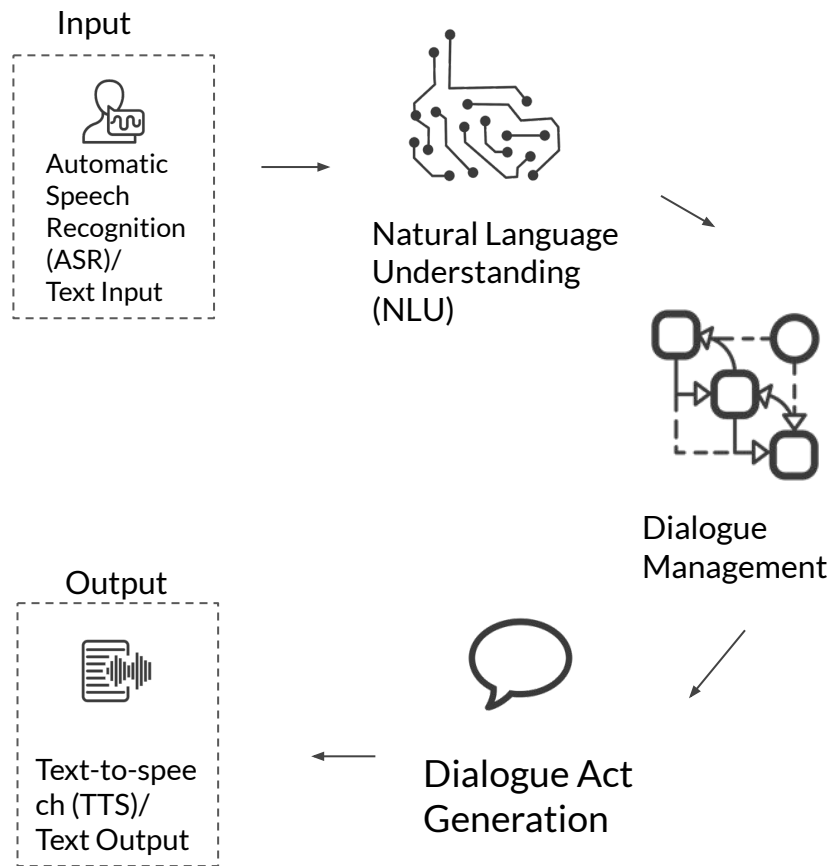

A language model represents a statistical approach to understanding natural language.

Large Language Models (LLMs)

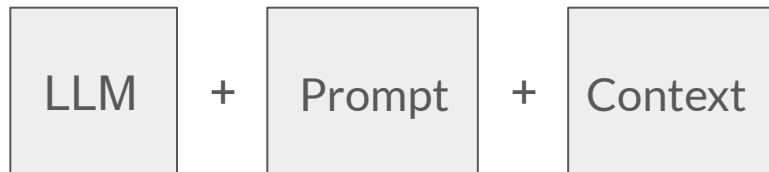

A large language model (LLM) stands out for its capability to generate and understand language across a broad range of applications.

Building LLM-based CUI

Through orchestration

Prompting

Retrieval Augmented Generation

Multi-LLMs
